**Early Start Program**

The Grade 7 Introductory Program conducted on Wednesday was once again a great success in increasing the confidence of Grade 7 students as they commence their secondary education here at Rose Bay. In 2006 we also had the pleasure of having our new students in Grades 8-10 also join us for this important day.

It was very pleasing to see so many parents come along at the commencement of the morning’s program. I would also like to thank all students involved as Peer Support Leaders and members of the SRC for giving up their time to participate in this special program.

**School Newsletter**

The school newsletter plays an important role in keeping the school community informed about activities and issues here at school. It is published each Friday of Week 2.

Members of the school community who would like to have material included in the newsletter should contact the school office to discuss their needs.

**The Year Ahead**

It is extremely important that the school works in partnership with parents and guardians. We hope that 2006 will once again provide us with the opportunity to ensure that the students of Rose Bay High School work consistently throughout the year to achieve their academic potential.

Rose Bay has a reputation for educational excellence within the community. Our enrolments continue to increase and many parents are taking the opportunity to enroll their primary age children for future years.

Please don't hesitate to contact the school if you have any concerns about aspects of the school's programs. We would also appreciate your assistance if you are able to assist as a tutor, coach, team manager or helper in any area of the school's wide ranging programs.
