**FROM THE PRINCIPAL**

**Work Experience**
Sixty Six Grade 10 students took advantage of the opportunity to undertake 5 days of Work Experience last week. Quite a few others have already had this opportunity earlier in the term, with others undertaking their work experience next term.

All of the reports of our students in the workplace have been extremely positive. I would like to thank all those parents who helped to facilitate work experience opportunities for their children. I would also like to thank members of the school community who took on a work placement for us. Finally, I would like to thank Mrs Cash who ensured all of these placements could go ahead.

**Other important dates:**
End of Term 2 – Friday, September 4
Term 3 Commences – Monday, September 21
Show Day – October 22
End of Term 3 (Grades 7-10) – Thursday, December 17
Tournament of Minds
Mrs Cash and Mrs Muller assisted the Tournament of the Minds participants with their preparation for this year’s competition. Congratulations to the Applied Technology team and the Social Science Team who both achieved Honours in this year’s competition.

Music
The Concert Band had a very successful visit to the Melbourne Bands Festival. The Band Achieved a Silver Award in the Junior Band Section where 58 bands participated. The primary schools visits were also a great success. The trip went very well with all students conducting themselves in an exemplary manner. Many thanks to Ms Dawes for organising the trip and to Mr Hunt as the band’s conductor and Ms Badcock (Woodwinds) for assisting with student supervision.

Ms Dawes has provided a more detailed report within this newsletter.

The Rose Bay Jazz Band also performed at the Queen’s Head on Sunday, August 30 as part of the Hot August Jazz Festival. The band played with great enthusiasm to a full house. Well done band!

Many thanks to all those members of the school community, teachers and parents, who came along to listen.

Co Pilots
Mrs Newstead once again organised another outstanding Co Pilot’s - Mentoring Program for students in Grades 9 and 10. The celebration to conclude this program was held last Wednesday here at school. We were very pleased to have in attendance Mayor of Clarence Jock Campbell and Dr Irene Gray – Manager of Learning Services-SE, to present certificates to all those involved.

Term 3
Term 3 will be very busy for all members of the school as we finalise this academic year and begin preparation for 2010.

Already, enrolments have been confirmed for Grade 7 with the likelihood of 7 classes being made to accommodate next year’s cohort. I had hoped to limit the Grade 7 intake to the same number of students who were exiting Year 10, unfortunately, this hasn’t been possible at this stage. Once again, a large number of families
from outside our intake area have been unable to be placed in Grade 7 for next year. Orientation Day will be held on December 2.

Term 3 will also include a large of number of 'whole school' activities, these include: a second school social, Inter House Athletics, School Triathlon, Term 3 Reports and Achievement Afternoon. Other important events will include: the School Production, Inter High Athletics, the Grade 10 Formal and Farewell Picnic.

In closing, I would like to thank the school community for all their assistance in managing the impact of the Swine Flu pandemic on the school. Your assistance in keeping children who were unwell at home has I'm sure, enabled the school to continue without major disruption during this term. Although we have seen a significant increase in both student and staff absences, we have not been placed in the position where closure of the school was even considered. Hopefully, we will return to more normal attendance patterns in the new term.

Stephen Mannering
Principal

**NAPLAN Reports to be Distributed at the Beginning of Term 3, 2009**

The National Assessment Program – Literacy and Numeracy (NAPLAN) reports for students in Years 3, 5, 7 and 9 who sat the national tests in literacy and numeracy in May this year will be sent home during the first week of Term 3, 2009.

Students in all government, Catholic and independent schools were tested and all parents across Australia will receive results in a common reporting format.

Your child's report will show national information including how your child performed in relation to other students in their particular year group, and in comparison to the national average score for each of the Reading, Writing, Language Conventions (spelling, grammar and punctuation) and Numeracy tests.

A parent information brochure will also be distributed with the report. Teachers will be provided with a complete analysis of their students’ results and parents are invited to contact their child’s teacher in order to discuss any aspect of the tests.

**Grades 9 and 10 Options 2010**

At the end of the holidays, Grades 8 and 9 students will be required to select their optional subjects for 2010. This is a very important time as their choice of subjects will place them on the individual educational pathway which will lead to future educational and employment opportunities.

Rose Bay High School staffing is greatly affected by the options chosen by senior students. The number of classes required for a particular subject determines the skill mix of our staff and the structure of our whole school timetable. For this reason it is vital that students make an informed and final choice in September.

To help students and parents in this process, the following aids have been provided:

- Every student has been provided with a 2010 Curriculum Guide. This year, the booklet has a bright orange cover. Please ensure that this has been read completely.
- Students have been encouraged to discuss subjects of interest to them with their subject teachers, the leaders of each subject areas and their peers who have taken the subject this year.
- Subject leaders have spoken to Grade assemblies and outlined the requirements of each subject.
- An information letter was sent home on Thursday August 27th.
- A Parent Information Evening was held yesterday.

By now, all students should have an options selection form. They are blue for Grade 8 and beige for Grade 9. Students must list four subjects in order of preference and a fifth reserve option. They must also nominate which of the two Science courses they would like to study. The student’s choices must be signed off by a parent and the form returned on Monday September 21. If your child has not brought home the selection form, or you know that he/she will be absent from school on the first day of next term,
forms can be obtained from and returned to the office during the holidays.

Kristina Brown
Assistant Principal

The following student received a certificate in recognition of his efforts in Mid Year Reports:

Academic Achievement Award
Jeffrey Turner  10F

Stars of Sport
Congratulations to:

Hugh Flasman who has been selected in the State Under 15 Hockey Team playing in Adelaide at the end of August.

The Grade 7 school girls hockey team for winning their Grand Final 1 - 0 against Collegiate. Team members are Amber Best, Anika Goniinon, Bec Miller, Bre Blazely, Emilie Lewis, Jade Clancy, Jemma Williams, Lauretta Flack, Mel Horne, Phoebe Martin and Tahlya Loring.

Congratulations to our human fish – Trent McLaughlin.
In July, Trent, who swims with the Eastern Shore Sharks, broke a long standing multi-disability record.

Trent cut almost 8 seconds from the 400 metre short course record for the S10 category which had stood since 1999.

At the more recent Australian short course championships at the Hobart Aquatic Centre, Trent further reduced this record.

Well done, Trent, a fantastic effort, and we have no doubt that there is more to come!

Jake Hyland. Jake recently played in the Tasmanian U16 Rugby team that played two matches against Victorian Schools at Rugby Park, Hobart. The Victorian team awarded Jake the Weary Dunlop Medal for the player in the Tasmanian team who demonstrated the best spirit and sportsmanship – truly a great honour – well done Jake.

The team, which also included Daniel Devine (Captain), Ben Carrick and Tim Bird, won the Saturday match and was narrowly defeated on Sunday to win the Tui Aluatila Shield.

Zac Morley and Oliver Bird played in the Tasmanian Under 14 team that put in the best performance by an U14 team against Victorian Schools for many years, despite being narrowly defeated in both matches.

Girls Hockey 2009

In a roster marred by cancellations, last minute venue changes and bad weather, players, coaches and supporters must be congratulated for completing a very “challenging” 2009 High School Hockey season.

This year we were able to field 3 highly competitive teams. Girls Grade 7, girls Grade 9/10 as well as a Grade 7-10 boys’ team. A few students from Clarence High School also joined our teams.

Girls Grade 7, girls Grade 9/10 as well as a Grade 7-10 boys’ team. A few students from Clarence High School also joined our teams.

Special congratulations go to the Grade 7 girls’ team who won the Division 6 Grand Final. What a fantastic effort! This is a very promising playing group and we look forward to their continued development over the next few years.

Our school relies on the support of parents and friends to enable student involvement in sport.
The Tasmanian Little Athletics Association will be holding state-wide clinics during September. Clinics are open to all students between the ages of 5 and 14 years.

This FREE of charge event is a great opportunity for students to get some “hot tips” from qualified coaches in readiness for the upcoming Little A’s and school athletics season.

**When:** September 20, 2009  
**Where:** Domain Athletics Centre  
**Time:** 12.00 noon

---

**High School Netball 2009**
This year Rose Bay High School had 5 teams participating in the STNA High School Competition during Term 2. All teams were promoted to A Division in their respective year level with 4 teams making, and playing in, the finals.

Congratulations to all players for a fantastic netball season. Thanks also to the many parents and friends of teams for their continued support.

We extend special thanks to our team of volunteer coaches, managers and umpires. Netball teams would not exist without you!

**Kick Boxing @ Rose Bay**
Within the last week Grade 8,9,10 students were fortunate to experience specialised kick boxing instruction with Anna Xepapas during their Physical Education lessons. Students were required to step out of their comfort zone and use muscles that they never knew existed. Thank you to Anna for her inspiring sessions and well done to those students who made the most of the opportunity.

---

**Water Safety 2009**
With a splash in the eye, the 2009 Water Safety Program has been and gone! Last week, all Grade 7 students were required to participate in the Rose Bay High Water Safety Program, which consisted of 5 consecutive days of water safety activities. Yet again the program was an immense success. Student participation was extraordinary and their positive and determined approach to the program ensured considerable improvements in skill and knowledge were made. The YMCA Swim Teacher’s were extremely impressed with the listening skills and efforts of Rose Bay High School Grade 7 students.

A big thank you to the School Association for their generous financial support which allows this program to take place and to the big-hearted Health and Wellbeing Teachers: Mr Ruddock, Mrs Wakefield, Mr Bavage, Mr McKay, Mrs Blackborrow, Mrs Kay and Mr Bradburn who selflessly took on heavy workloads to staff the program.
We wish to thank students and families for their support of this program; Water Safety is a life saving skill. Students that have been identified to be at risk will be offered additional water safety opportunities in Term 3.

Pieta McKay
AST
Health and Wellbeing

Japanese Speech Competition
Congratulations to Nathan Imber who claimed 1st Place for Best Content in the Grade 10 level of the annual statewide Japanese Speech Competition. Nathan was competing against schools such as Ogilvie, Mt Carmel, Tarremah, Mackillop, Marist, Sacred Heart and St Michael’s. Thank you Nathan for adding Rose Bay High to such a list.

The school would also like to acknowledge the commitment and effort of our other competitors, who gave up much of their own time to prepare their speeches; Nathan Dowling (Gr 7), Laura Harle and Ashley Swan (Gr 8) and Dannielle Burridge (Gr 10). Everyone was an excellent ambassador for our school and each deserve special thanks.

Helen Muller

Tournament of Minds
Nineteen students attended the University of Tasmania on Sunday 30 August to compete in the Tournament of Minds State Finals. Students competed in three teams in three separate disciplines, Applied Technology, Social Science and Language and Literature. Teams had to have at least two Grade 7’s as members and no more than 4 students from any one grade. The teams had six weeks to develop a solution to a long term problem that was performed on the day and 10 minutes to prepare and present a solution in the spontaneous challenge.

All three teams preformed creditably on the day and displayed great teamwork and an ability to work well together in trying circumstances. Despite a few traumas, scenery left in the back of dad’s car and needed paperwork left in a locker at school, everyone had an enjoyable day.

Particular congratulations to the Applied Technology team and the Social Science team who received Honours awards.

Team members
Language and Literature: Danielle Burridge (10), Skye Dennison (10), Emma Henderson (7), Rachel Kingston (10), Nicola Ramm (7) and Caylee Tierney (10).

Applied Technology: Anthony Gray (7), Eddie Millar (10), Peter Sansom (10), Lucy Smith (8), Paul Strk (7) and Mikayla Wedge (8).

Social Science: Bianca Burnett (7), Lauretta Flack (7), Laura Harle (8), Alison Hay (8), Carly Hickman (8), Ashley Swan (8), and Kayla Young (7)
Parent Tutors
We would like to recognise the very kind volunteers who come into our school to support literacy and numeracy. Amongst these committed folk are David Budd, Helen Long and Nina Owens who have been coming in for the last 3 to 4 years. We would like to thank everyone who is part of the Parent Tutor program. Eager students come to the Support area to meet and work with their tutors on specific skills relating to their educational needs.

ruMAD? (Are you making a difference?)

R.S.P.C.A. Cup Cake Day, Monday 17th August
Talitha Sharman, Brie Richards and 7E would like to thank everyone who supported the R.S.P.C.A. on Cup Cake Day.

The school held a Free Dress Day and lots of students, parents and staff baked cup cakes for sale at lunchtime. We were overwhelmed with the response to this fund-raiser and had so many cakes that we only just managed to sell them all.

Thanks also to Emily Newton for bringing along our special guest on the day, Ruby, her former R.S.P.C.A. dog – she certainly lapped up the attention (and the odd cup cake too!).

At our school Assembly on Thursday 20th August we were able to present Kim, from the R.S.P.C.A. with a cheque for $1045 to help with the animals at their Mornington Shelter.

We also presented a book voucher to Hope Lockyer (Grade 10) who we all agreed produced the most beautifully decorated cup cakes – they were almost too good to eat! Well done, Hope.

We are confident that this could become an annual event at Rose Bay High School.

Emma Haswell’s visit
Teegan Blackley and Sarah Doyle (7E) have been trying to increase the awareness of the mistreatment of farm animals and, on Friday 21st August, Emma Haswell from Brightside Farm
Sanctuary was invited into the school to talk to classes about the treatment of farm animals. They have organised ‘Lolly in the Jar’ competitions and will be looking to do more in Term 3. Kelly and Ella are keen to hear from anyone else who would like to help the Tassie Devil research.

**INVEST Courses 2009**

In Late April, grade 10 student/s, Andrew Jacques and Ben Carrick completed a 5 day INVEST program in Welding at The Skills Institute Tasmania campus at Bender Drive, Derwent Park.

INVEST programs are a joint initiative of the Education Department and the Tasmanian Polytechnic aimed at giving our students the opportunity to explore new skills and gain experience in a wide range of vocational areas.

During their week long program Andrew and Ben had access to the latest in industry standard tools and equipment, expert teachers and the chance to experience life in a secure and stimulating adult learning environment.

They then decided to apply for the Stage 2 advanced program in Welding which they are currently attending. Stage 2 builds on their recent taster experience and will involve two days a week at Bender Drive for much of Terms 2 and 3, undertaking units from Certificate II in Engineering (Fabrication Trade).

**Interview with Andrew Jacques:**

**What is your favourite activity at Stage 2 Invest Welding?**

Straight Welding and some of the theory based work

**What are your thoughts on mixing with students from other schools?**

It’s good to meet new people, there are 12 of us all together and we all get along.

**What is it like working in the workshop alongside apprentices/adult learners?**

It’s good, we get treated like an adult and it’s nice to have some time away from school!

**What are the teachers like?**

They are pretty good – easy going, friendly and trusting.

Emma brought Lynnie the pig and Ned the greyhound with her and they were a great hit with students. Lynnie had been rescued from a pig farm in the north east of Tasmania where most of the pigs were being kept in appalling conditions.

*Lynnie the pig*

We thanks Emma for her visit and for sharing her experiences and her efforts to prevent the mistreatment of animals, and we hope to see her back at Rose Bay in the future.

**“The Greatness of a Nation and its moral progress can be judged by the way its animals are treated.” – Mahatma Gandhi**

**Saving the Tassie Devil**

Kelly Skromanis and Ella Bailey (7E) have been trying to help the research program to save our Tasmanian icon, the Tassie Devil. They have found out about the tumour disease that affects the devils and have been working hard to try to raise some funds.
What is the workshop and equipment like?
The workshop has everything – it’s all up to date equipment and there is a tool for every job.

Do you see welding as a viable option for you in the future?
Yes, the qualifications I will have at the end of this course will help me get an apprenticeship in this area. At the end of Stage 2 I will have experience/qualifications the same as a 1st year apprentice.

What was it like applying for Stage 2 welding?
It was hard but it was worthwhile.

Other students that have participated in INVEST courses this year are:

Hairdressing & Beauty services:
Aimee Brown, Megan Piesse, Amy Taylor and Kate Sproule.

Carpentry and Joinery:
Jordan Headlam, Yianni Minnis, Rhys Nettlefold, Blake Small and Andrew Wall.

Fitting and Machining:
Luke Bygrave

Business:
Ashlyn Briggs

Wood Turning:
Andrew Wall

Commercial Cookery and Hospitality:
Hayden Hall and Kris Jacobson

Children’s Services Stage 1 and 2:
Samantha Fisher, Megan Knox, Grace Steel and Filipa Woods.

BAND TOUR
Our 2009 Melbourne Bands Tour was a tremendous success with all band members making the most of the opportunities provided. The performances we gave at Langwarrin and Frankston Primary Schools were exceptionally well received with the children 'moshing' to our music. Our performance at Monash University proved to be most successful and we received a Silver award.

Apart from our musical commitments, our band enjoyed a variety of activities, including: seeing the popular musical – “Chicago”, becoming one with nature at the Melbourne Zoo, seeing how a crowd can act like animals at the AFL football match between Geelong and the Western Bulldogs and still having a great time. Those who wished for a quieter evening viewed a 3D version of Harry Potter and the Half Blood Prince. We also experienced an electricity show at Science Works and took a trip through our universe in the planetarium and of course, there had to be
the obligatory shopping spree at Chadstone Shopping Complex. After our four day tour we arrived home safely and happy, yet exhausted.

Performance Class

On November 17th and 18th the school's Grade 9/10 Performance Class will present Smithy – A Musical about the School Play

The cast and band are already working very hard on the show after full auditions were conducted earlier this term. The entire cast are demonstrating amazing dedication with dialogue already memorised for the first few scenes and ensemble energizing the opening numbers – it promises to be a memorable school production!

There will be two performances per day at 11am and 7:30pm on Tuesday and Wednesday 17th and 18th November at the Rosny College auditorium. Tickets for the evening performances will go on sale from the school office in late October. We anticipate that the two day time matinees will be filled with hundreds of primary students from our local feeder schools.

There will be more information and photos in future newsletters!

High School Musical

We wish Samantha Charlton of Grade 9 best wishes for her performance in the much anticipated production of High School Musical at the Derwent Entertainment Centre during the school holidays.

The cast also futures Oliver Reading who left Rose Bay last year and is directed by Mr. Sangwell.

Tickets are still available for the show from the Derwent Entertainment Centre or on the net.

Darren Sangwell
Drama & Dance Teacher

CO-PILOTS

This year, nine students from year 9 and 10 took part in a program called co-pilots. All of us thoroughly enjoyed the experience. We worked with our mentor and did something that we both enjoyed and thought would be fun. During this program we all learnt a lot about ourselves and our mentor. This program was very enjoyable because we got to do something that we thought would be interesting and explore the opportunities that we wouldn’t be able to do in school. We all thank Mrs Newstead for running this fantastic program and giving up her time to make it all happen.

Lucy, my mentor, is a Chinese lady who has only recently taken up residence in Tasmania. She showed me the traditional Chinese tea ceremony which I enjoyed so much but found that the tea wasn’t to my taste. Aleisha Howard.

During the time I spent with Doug we explored the world of aviation. We went on numerous outings to Cambridge aerodrome and looked
through aeroplanes and around the airport which I though was interesting. **Lewis Webb**

**By Aleisha Howard and Lewis Webb**

How gratifying it is to witness the wonderful natures and warmth of our volunteers who give up their valuable time to support and connect with our students at Rose Bay.

To realise the rewards that both Mentor and Student gain in their relationship of 10 weeks and to share their journey in a Celebratory evening here at school, is a revelation.

**Sue Newstead**

The Marine Discovery Centre will be running two public events during the September school holidays.
**Fishy Fun!**
**Wednesday 16th September 10am – 12 noon**

This session is suitable for students aged 7-12 years. Cost: $7 per student **BOOKINGS ESSENTIAL.**

**Family Discovery Afternoon**
**Thursday 17th September 1pm – 3pm**
Come and get to know your local marine life! Wander the Marine Discovery Centre’s many aquaria at leisure, meeting species such as hermit crabs, octopus and our newly hatched baby skate. Suitable for all ages. Entry by donation. **BOOKINGS AND PARENTS ESSENTIAL**
